SOFTWARE DEVELOPMENT PROJECTS

JobPlay | - [GitHub](#) | [Demo](#)

03/2023 - Present

- Worked as a full stack developer, collaborating with a cross-functional team of three UX designers and four other software engineers during a 4-day hackathon sprint to deliver a high-quality and well-designed job tracker app.
- Implemented state management using Redux, enabling users to easily track and manage job applications and streamline their job search process.
- Made asynchronous API calls with Axios, allowing for real-time updates on job application statuses and providing users with accurate and up-to-date information.

Flavorite - [GitHub](#) | [Demo](#)

02/2023 - 03/2023

- Designed and implemented a responsive and visually striking front-end experience using CSS with full CRUD capabilities
- Implemented RESTful routing using Node.js that enabled users to create, share, and edit recipes within their community
- Successfully debugged and reviewed project collaborator's back-end code using Express, Node.js, and MongoDB that allowed users to log in with Google OAuth.

Pix - [GitHub](#) | [Demo](#)

01/2023 - 02/2023

- Streamlined backend functionality by developing RESTful API fetch calls to a MongoDB, Express, and Node.js stack, resulting in optimized CRUD operations and a smooth user experience.
- Collaborated effectively with a cross-functional team of full-stack developers in an Agile environment, contributing to efficient and productive workflows that met project goals and timelines.
- Ensured consistent and reliable project updates by utilizing CI/CD workflows with Fly.io and Netlify, allowing seamless deployment and efficient updates.

PROFESSIONAL EXPERIENCE

Social Media Manager - Drone Operator | Freelance | Blue Water Drones, Miami, FL

08/2022 - Present

- Develop and execute social media strategies to increase engagement and grow the company's online presence, resulting in a 42% increase in engagement and a 60% growth in follower count, leveraging the knowledge of web development technologies and user experience design.
- Utilize drone technology to capture aerial footage of construction sites, leveraging technical expertise to contribute to project progress updates.
- Implement Procore for project management and collaboration, streamlining processes, and enhancing stakeholder communication.

Writer - Photographer | Freelance | YIMBY, Remote Role, New York, NY

04/2021 - Present

- Utilize WordPress content management system to produce over 850 articles on new real estate developments and architecture, providing accurate and informative content.
- Develop and execute a content strategy that leverages SEO to increase brand awareness, drive traffic, and attract approximately 160,000 page views per month, indicating a solid readership and engagement with the Florida YIMBY website.

Manager/Founder | Skyalign Visual LLC, Ocoee, FL

10/2020 - Present

- Capture high-quality photographs and videos of construction sites and developments to enable clients to monitor project progress, identify issues, and make informed decisions, resulting in more efficient and effective project management.
- Maintain high-quality standards through quality control processes, ensuring all visual content meets client specifications and industry standards, increasing client satisfaction and trust in your work.
